

Posh Pouch

This sweet little zipper bag finishes at 6" x 8" and has an easy peasy zipper method that anyone can do! Use any quilting weight cotton for the outside and lining. A lightweight zipper such as YKK or zippers on a roll or a #3 zipper tape are all good choices. At the end of the class, you can make a sweet yo-yo flower to add some signature style to your pouch and make it sassy and posh!
